Skills

Programming: JAVA, JavaScript

Frontend: HTML, React, CSS, ExpressJs

Backend: Java (Spring Boot)

Database: MySQL

Core: Operating Systems, Data Structures & Algorithms, Object-Oriented Programming, Computer Networks

Projects

Smart Voting System using Face Recognition and Password Authentication | Python, OpenCV, MySQL, React

- Developed a secure online voting platform enabling eligible citizens (18+) to cast votes remotely using internet-enabled devices, improving accessibility and efficiency.
- Implemented **face recognition authentication using OpenCV** along with password verification to prevent impersonation and duplicate voting.
- Enhanced system security by implementing **password hashing and secure credential storage** in the MySQL database.

AI-Powered Interview Assistant | React, Redux

Nov 2025

- Developed an AI-powered platform that allows users to practice technical and behavioral interviews with intelligent feedback.
- Built a modern and responsive user interface using **React** ensuring smooth user interaction during mock interview sessions.
- Integrated AI-based response generation to simulate realistic interview scenarios and improve candidate preparation.

Experiences

TAPAcademy

Feb 2026 – Jul 2026

Java Full Stack Development Training

- Learned and implemented core **Java programming concepts** including OOP, Collections, Exception Handling, and Multithreading.
- Developed responsive web pages using **HTML, CSS, and JavaScript**.
- Designed and managed relational databases using **MySQL**, writing optimized CRUD queries.

Pentagon Space

Feb 2026 – Jul 2026

MERN Stack Trainee

- Built dynamic user interfaces using **React.js, HTML, CSS, and JavaScript**.
- Developed full-stack applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**.
- Debugged and optimized applications to improve performance and scalability.

Achievements

Honored as **Branch Second Topper** in 5th Semester at Mysore College of Engineering and Management.

Presented project titled **“BCR Machine”** at a technical competition conducted by Dayanand Sagar College of Engineering, Bangalore.

Participated in a **24-hour Software Hackathon** conducted by Adichunchanagiri University, Mandya.

Education

Mysore College of Engineering and Management

Mysuru, Karnataka

B.E in Computer Science and Engineering, CGPA: 9.1

2022 – 2026

Siddeshwara PU College

Davanagere

Pre-University, Percentage: 90

2020 – 2022
